**Updated July 30, 2020** In compliance with Governor Evers statewide mask mandate, our staff and guests will wear masks indoors, and outdoors when physical distancing is not possible. You can read the governor's mandate [here](#).

**The hard reality of these days.** COVID-19 has had a significant impact on just about everything that once seemed normal. The health and safety of our campers, staff, and the communities we serve has always been of utmost importance and is a responsibility we don't take lightly. Because of the unknown risk and the important role in keeping as many people healthy and safe as possible, **we decided to cancel all currently scheduled summer camp sessions at Wapo, Ox Lake, and Wilderness Canoe Base.** We are going to miss our campers and staff so much. As soon as it's safe to gather, we are going to celebrate in a big way!

**Still HopeFULL.** Our summer staff has been busy creating ways to engage with kids and families and provide a wide variety of outstanding camp activities online. **Camp at Home is now available online at [camp.lwlbc.com](http://camp.lwlbc.com)** This website is full of fun activities, skits, worship, songs, craft ideas, and so much more! Please use these resources however you wish. We hope you enjoy them as much as we enjoyed putting them together for you.

**Here's what you can do to help.** We know that this health crisis has had a financial impact on so many families. We are committed to working with all families so camp can always be a realistic option for them. Our organization's primary goal is to bring people together in Christian community. Having to cancel our camp sessions has an overwhelming financial impact. **We would be so grateful if you would consider making a gift to help camp thrive on the other side of COVID-19. We need your support now, more than ever.** [Click here to make a gift.](#)
