Can't create account: "Duplicate Account" error

If you are unable to create an account because of an existing duplicate account, here are the steps to gain access to your account.

- Have your parent sign into their account at campwapo.org
- Click "My Profile and Family"
- Click "Manage Family"
- Click the name of the individual you are trying to sign in as
- Add an email address to this individual (this will be your username to sign into the application)
- Log out of parent account

Once you have an email attached to your account go to campwapo.org and click "my account"

- Click "Forgot Password" and follow the steps to create a new password for your account
